## PROFILE

I am a Computer Science student at the University of Pretoria, currently in my third and final year of my bachelor's degree. During my period studying I have worked on various personal projects to enhance my programming skills and improve my understanding of the various data structures and design patterns.

I am a diligent and motivated worker and always enjoy learning in areas that interest me.

## KEY SKILLS

- My main programming skills include C++, Java and x64 assembly
- I have developed skills in web development as well as some limited experience with mobile app development
- I have worked with both SQL and NoSQL databases
- I have experience in working with Git, Github, Zenhub and Google's firebase
- I have a good understanding of various data structures as well as many design patterns
- I work efficiently individually and as part of a team

## EDUCATION

<b>2019</b>	-	Final year BSc Computer Science, University of Pretoria
<b>2015</b>	-	National Senior Certificate (IEB), Ashton international College, Ballito
<b>2013</b>	-	IGCSE (Cambridge), Ashton international College, Ballito

## PREVIOUS EMPLOYMENT/WORK EXPERIENCE

<b>2014/15</b>	-	Holiday position as Sales Representative, Trappers Trading, Ballito
<b>December 2015</b>	-	Holiday position working in coffee shop, Flag Animal Farm, Ballito

**INTERESTS**

When I am not working on my computer or playing computer games I enjoy outdoor activities including swimming, diving, snorkelling, jogging, wildlife, water skiing and boarding, snow skiing and snowboarding.

I like to play soccer and the occasional tennis and squash game.

I also enjoy travelling and seeing new places
